WHAT IS IT?

The JustFriends: Doubles is a 1-day, 3-round doubles event run by Justplay Events in Liverpool. Tickets can be purchased from our website at: justplay.events

Tickets cost £35 and there are 20 team places available for this event. Each Player will build their 1000 point army list independently that will come together with their team mate to make a 2000 point army.

This event will be themed as more of a social/casual event with a competitive edge. Focused on bringing interesting armies with interesting allies!

HOW DO WE SIGN UP?

You must register your attendance and submit your teams army list by using the following link: <https://www.bestcoastpairings.com/event/M6n55aNu3C> Or via searching "JUST FRIENDS: DOUBLES 40K FEBRUARY" On BCP's event search function. The Doubles Team sign up as one entity with their chosen team name, with both lists formatted correctly in the list submission section (more on list structure on page 6)

Full army lists must be submitted by 23:59 on the Thursday before the event day. . Failure to submit your list on time will incur a penalty of -30 TP for your team.

TOURNAMENT RULES

This is a Matched Play Event and the Currentc Grand Tournament rulespack will be in use at this event. The English version of the 9th edition Warhammer 40k rulebook will also be in use, in addition to any GW FAQ released before the list submission deadline. We will be implementing the current version of the WTC FAQ. This document can be found here:

<https://worldteamchampionship.com/wtc-rules/>

Missions will be revealed before each round, using the strike force missions from the most recent Grand Tournament rules pack.

TOURNAMENT RULES CONTINUED

Teammates **CAN** share a same faction keyword (for example, Imperium, chaos, aeldari etc). They will consider themselves as a single “player” for all rules purposes after army creation. Including but not limited to; Command point generation, using specific psychic powers more than once a turn (with the exception of smite), or a stratagem more than once a phase to name a few. Armies cannot benefit from rules for their double partners army. Such as auras and psychic powers.

This means both players will have a Warlord. Armies will be made up of upto 1000 points for each player. Command points from both forces are pooled together before the start of the game. (For example, player A has 2 CP after list building and player B as 3, this would create a CP pool of 5 for the team going into the game)

- Each player must build their individual army from an Arks of Omen Detachment
- Specific army secondary objectives will not be in use for the event.
- Models with the supreme commander keyword MAY be used in this event.
- Rule of 3 is in use, not rule of 2 (for example, one of the 1000 point armies may include 3 of the same unit)
- Players are allowed to use Armies of renown for the individual lists, as well as allowed to benefit from faction abilities such as combat doctrines, command protocols, Mont’ka etc.

SCORING

Each game will be scored out of 100 as per the mission parameters outlined in the current Chapter Approved mission pack. 10 points of this total per game are awarded for playing with a fully Battle Ready army, and must only be scored if that is the case!

PAIRING

This event uses a Swiss pairing system. In the first round, players are paired at random. In subsequent rounds, players are placed into brackets with the players with the same number of Swiss points as each other (win = 3, draw = 1) and paired within that bracket with the player who has the nearest number of game points. In rare cases where there are odd numbers of players with the same Swiss record, a player may be paired up or down a bracket.

END OF THE ROUND

The round timer will be on display along with regular timing updates from the TO. Players should endeavour to play an equal number of turns in the allotted time where possible. When time on the round is called, you will have five minutes to submit your result to the TO. In that time you may "talk through" unplayed rounds, but decisions must be mutual and made within the 5 minute window!

If you have not played an even number of turns when time is called, or cannot agree on the final score, please call a TO immediately who will assist you in reaching a final score, and make a decision if necessary. That decision is unlikely to take unplayed turns into account unless a very obvious outcome can be seen.

ROUND TIMERS

It is important to that games finish within the allocated time so that the tournament runs as smoothly as possible. If a game does not reach a conclusion within the allotted time we may ask players to use a chess clock for their remaining games. So that both players can have a fun and enjoyable game without feeling hard done by the amount of time they had in their game.

We will have multiple chess clocks available to anybody wanting to use them on the day. Permission to use a clock goes down to your opponent/TO on the day. No player should feel pressured to use one.

LIST STRUCTURE

Please do not include in your army list: weapons that are not optional and cannot be swapped out, the individual points cost of upgrades or wargear, any rules or unit/weapon profiles.

In a unit consisting of different models, write as concisely as possible.

For example: "Havocs x 5. 3 Chaincannon, 1 Missile launcher, Bolter champion" rather than listing the individual models. An example list template is shown below

Battlescribe lists are acceptable but please double check errors that innately take place in the app.

AWARDS AND PRIZE SUPPORT

All Entrants will receive £5 voucher for Justplaygames upon entry on the day, in addition the best painted army will receive an additional £10 voucher. The winners will be awarded a JustFriends 40k Doubles Trophy!

PLAYER CONDUCT

We expect all players to demonstrate sporting conduct throughout the event.

In terms of games, this means knowing and abiding by the rules of the game, ensuring both players are aware of the state of the game and ensuring your opponent maintains the same standards. Stalling, rolling dice unfairly, consistently misplaying or misrepresenting rules and other forms of unsporting conduct will be acted upon by the TO. This extends to good personal conduct.

Players should act appropriately and do nothing to make any other person feel less than perfectly safe and welcome. Any player who feels unsporting conduct is taking place should speak to the TO. If you feel the issue may affect the outcome of a game in progress, you must alert the TO during the game.

Unsporting conduct may result in deduction of tournament points, and serious or repeated offences may result in automatic game losses or disqualification.

TABLES AND TERRAIN

Tables will consist of 60x44" premium neoprene mats and a good selection of terrain. We will ensure there is an emphasis on using terrain strategically, by providing options on entering obscuring terrain and hiding behind it, as well as different area terrains.

Each table will feature at least 12 pieces of terrain with 1/2 of that being large Obscuring ruins. We will not be producing terrain maps, but each table will be laid out roughly symmetrically. Upon arriving at the table, any terrain features that have been left obviously out of place, or need moving to fit an objective marker, can be moved by mutual agreement of the players or by asking the TO.

Each individual terrain feature has its terrain keywords on it, either directly engraved into the feature or on an engraved plaque which is stuck or placed on the feature, for easy reference in-game. The next page shows some examples of our boards if you haven't gamed with us before.

ANY QUESTIONS?

For any queries, please feel free to contact a member of staff in store, or via email at store@justplay.events

TERRAIN FAQ

For clarification on some of our scenery pieces, we would like players to be aware of certain additional traits and rules in our events.

Large “L” ruins

These pieces of terrain have the following terrain traits. Breachable, Obscuring and Unstable Position.

Our other ruins use the suggested keywords for ruins that are stated in the Core Warhammer 40,000 rulebook. Our area terrain have all of their keywords engraved as stated earlier. All of our other scatter terrain are obstacles and have the exposed position keyword.
