WHAT IS IT?

The NaughtyK RTT is a 1-day, 3-round event run by JustPlay Events in Liverpool. Tickets cost £20 and there are 32 places available for this event. Tournament results will be submitted to Frontline Gaming's ITC rankings.

HOW DO WE SIGN UP?

You must register your attendance and submit your army list via BCP. This event link can be found on the event page on our website. The event can also be found by searching on BCP for "NaughtyK RTT" followed by the relevant month.

Full army lists must be submitted by 23:59 on the Thursday before the event day. Failure to submit your list on time will incur a penalty of 30 TP.

TOURNAMENT RULES

This is a Matched Play Event and the Pariah Nexus Mission Scoring rulespack will be in use at this event. The English version of the 10th edition Warhammer 40k rulebook will also be in use, in addition to any GW FAQ/Balance Patch released before the list submission deadline. We will be implementing the current version of the WTC FAQ. This document can be found here:

<https://worldteamchampionship.com/wtc-rules/>

In case of an FAQ or other update unduly affecting a player, for example completely invalidating their submitted list, we will use discretion to solve the issue for that player.

Missions will be revealed before each round, using the strike force missions from the most recent Grand Tournament rules pack.

SCORING

Each game will be scored using the Leviathan Rulespack, players can use Tactical or fixed scoring, as described in the mission rules. The mission, deployment and mission rules will be determined prior to each round by the TO, all players will use these set parameters in their game to create a level playing field.

PAIRING

This event uses a Swiss pairing system. In the first round, players are paired at random. In subsequent rounds, players are placed into brackets with the players with the same number of Swiss points as each other (win = 3, draw = 1) and paired within that bracket randomly. For the last round, players will be matched by closest battle points for a fairer representation of a winner after 3 games. In rare cases where there are odd numbers of players with the same Swiss record, a player may be paired up or down a bracket.

END OF THE ROUND

The round timer will be on display along with regular timing updates from the TO. Players should endeavour to play an equal number of turns in the allotted time where possible. When time on the round is called, you will have five minutes to submit your result to the TO. In that time you may "talk through" unplayed rounds, but decisions must be mutual and made within the 5 minute window!

If you have not played an even number of turns when time is called, or cannot agree on the final score, please call a TO immediately who will assist you in reaching a final score, and make a decision if necessary. That decision is unlikely to take unplayed turns into account unless a very obvious outcome can be seen.

ROUND TIMERS

It is important to that games finish within the allocated time so that the tournament runs as smoothly as possible. If a game does not reach a conclusion within the allotted time we may ask players to use a chess clock for their remaining games. So that both players can have a fun and enjoyable game without feeling hard done by the amount of time they had in their game.

SCORING DIFFERENCES

To determine Game Points, each player counts their victory points, subtracts their opponent's victory points and consults the table below. If the score is negative, the player who has a negative difference counts his points from the 'opponent' table. To determine the round score, players from each team count their combined Game Points. The combined total of all game point scores from all the players on a given team will give the result for the Team as a whole.

VP DIFFERENCE	PLAYER GAME POINTS	OPPONENT GAME POINTS
0 - 5	10	10
6 - 10	11	9
11 - 15	12	8
16 - 20	13	7
21 - 25	14	6
26 - 30	15	5
31 - 35	16	4
36 - 40	17	3
41 - 45	18	2
46 - 50	19	1
>50	20	0

LIST STRUCTURE

Please do not include in your army list: weapons that are not optional and cannot be swapped out, the individual points cost of upgrades or wargear, any rules or unit/weapon profiles.

In a unit consisting of different models, write as concisely as possible. For example: "Havocs x 5. 3 Chaincannon, 1 Missile launcher, Bolter champion" rather than listing the individual models. An example list template is shown below

Battlescribe lists are acceptable but please double check errors that innately take place in the app.

WINNING

To calculate final standings, wins are the first metric, followed by total tournament points, followed by strength of schedule, then followed by extended strength of schedule.

AWARDS AND PRIZE SUPPORT

All Entrants will receive £5 store credit upon entry on the day, in addition, we will be giving Prize support based on turn out, a turn out of 20+ Players infers a £30, £20, £10 split for 1st, 2nd, 3rd. A Justice Trophy will be awarded to the winner of this event also.

PLAYER CONDUCT

We expect all players to demonstrate sporting conduct throughout the event.

In terms of games, this means knowing and abiding by the rules of the game, ensuring both players are aware of the state of the game and ensuring your opponent maintains the same standards. Stalling, rolling dice unfairly, consistently misplaying or misrepresenting rules and other forms of unsporting conduct will be acted upon by the TO. This extends to good personal conduct.

Players should act appropriately and do nothing to make any other person feel less than perfectly safe and welcome. Any player who feels unsporting conduct is taking place should speak to the TO. If you feel the issue may affect the outcome of a game in progress, you must alert the TO during the game.

Unsporting conduct may result in deduction of tournament points, and serious or repeated offences may result in automatic game losses or disqualification.

TABLES AND TERRAIN

Tables will consist of 60x44” premium neoprene mats and a good selection of terrain. We will ensure there is an emphasis on using terrain strategically, by providing options on entering obscuring terrain and hiding behind it, as well as different area terrains.

Each table will feature at least 8 pieces of “obscurable” terrain with 6 being standard ruins. Tables will have a continuity of symmetrically. Upon arriving at the table, any terrain features that have been left obviously out of place, or need moving to fit an objective marker, can be moved by mutual agreement of the players or by asking the TO.
